Located at the intersection of Circle and 9th, in the Circle Center shopping center behind Auto Zone

WAG WEAR EMBROIDERY

SHIRTS & HATS

The price is \$6.00 to have the WAG logo embroidered on the left chest of a shirt or jacket, or on the front of a hat. The size of the logo available for this price is approximately 3.5" wide x 1.5" tall. The thread colors are teal and purple; on dark colored fabrics, the purple thread is substituted with white thread.

For an additional \$3.00, you can have up to 2 lines of custom lettering added beneath the logo on a shirt or jacket. The *maximum width* for each line is 3.5", the same width as the logo; the *minimum height* of the lettering is .25-.30". Tee's & More can help you select a typeface for the lettering, and also recommend a thread color that coordinates with the color of your item.

For an additional \$2.00, you can have a name sewn on the back of a hat.

HOW TO BUY

There are 3 ways to buy items for embroidery by Tee's & More:

1. Purchase your items at Tee's & More

Tee's & More sells a variety of items that can be embroidered: polo shirts, denim shirts, sweatshirts, hoodies, jackets, hats, and more. If they don't have your color or size in stock, they can order it for you. There are also several catalogs on hand so that you can see all the options available for a particular item.

2. Bring in your items purchased elsewhere

If you have a favorite jacket or find a great shirt at another store, bring it in! Most 100% cotton and cotton blend fabrics are good for embroidery. However, there are some fabrics that cannot be used with the WAG logo because of the small lettering and detail.

Fabrics that cannot be used include: thin, delicate fabrics that are silky or sheer; very stretchy fabrics, and blends with Spandex or more than 20% Lycra; and fabrics with a visible pattern in the weave, like wales or diamonds. (Some polo shirts have a strong diamond pattern in the weave, which makes them look very nice but also makes them not good shirts to use for embroidery.) Also, it's strongly recommended that the body of the item is a single, solid color.

If you're not sure whether you can use a particular item, contact Tee's & More for advice.

3. Phone or mail in your order for items from the list on the next page

This is a great option if you live outside of Corvallis or just want a basic polo shirt or jacket. We've pre-selected a line of good quality men's and women's polo shirts that come in a variety of colors and sizes. We've also pre-selected a line of good quality windproof/waterproof hooded jackets that come in adult and youth sizes in several colors.

You can view the sizes and colors on the manufacturer's webpages and also in the ordering materials available at WAG trials. Once you know what you want, just contact Tee's & More to place your order and arrange for payment. You can have a friend pick up your order, or have it shipped to your home for an extra charge.

SPECIAL ORDERS

Tee's & More is happy to do custom embroidery jobs and other special projects involving the WAG logo. Special orders are priced individually.
